A NIGHTMARE

Given point to the fact that excessive or irregular eating disturbs the digestion. Nightmares or night hag has its day time correspondence in the undue fullness after eating, with the belchings and sour or bitter rising so often experienced after too heavy or too hearty eating.

Dr. Pierce's Golden Medical Discovery cures dyspepsia or bad stomach. When the stomach is strengthened and invigorated the whole body shares in the increased strength derived from food properly digested and perfectly assimilated.

Sometimes a selfish dealer tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It may be better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

1000-page Doctor Book sent free on receipt of 1 cent—stamp to cover postage only. It contains a copy for each of the 1000 diseases, and is a valuable reference work for the family. Address: Dr. Pierce's Medical Discovery, Littleton, Colo.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has to answer to a different standard.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Nix's Hair Restorer to the scalp. It will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Nix Hair Restorer Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat-producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

WAR FEVER SUBSIDING.

A dispatch from Berlin says the second interview of M. Bihourd, the French ambassador, with Chancellor von Buelow was devoted to a detailed discussion of the French note, but the foreign office abstains from giving any information regarding the results reached. It is semi-officially stated that the German answer has not yet been drawn up, hence the government and press resent the assertion in the London newspapers that the German government refuses to take into consideration every point raised by Premier Rouvier, and throughout the German press a growing impatience is manifested at what is regarded as a British attempt to embroil Germany and France. It is noted with satisfaction that some of the French statesmen begin to interpret Great Britain's interest in the Franco-German difficulty in the same way. The newspapers quote approvingly the words of General de Gallifet, the former war minister of France, that Great Britain alone wants war between France and Germany, and that it would be to her own advantage and at France's expense.

Similar views are expressed in the German press, the writers arguing that Great Britain having gotten rid of Russia for a generation through the war in the far East, is deliberately working to fan the flames of the old hate between France and Germany and cause another war which must weaken her only formidable rivals in west European politics. It is noted that the relations between Germany and Great Britain never were worse than at this moment. Hints dropped in official circles indicate that change was felt at the Berlin court at the fact that King Edward sent no more important representative to the Crown Prince's wedding than the young Prince Arthur of Connaught while it is plainly intimated that the failure of Emperor William to send any representative at all to the wedding of Princess Margaret of Connaught was intended to give expression to his resentment at this slight.

In view of this tension between Berlin and London it is believed that Germany will make many concessions in order to reach an understanding with France.

A dispatch from Paris says that although Germany's formal reply to the French note has not yet been received, there is reason to believe that the interview between Chancellor von Buelow and M. Bihourd, the French ambassador, to Germany, resulted in quite fully shadowing Germany's intentions.

Public tension over the controversy is much relieved, the Bourse sharing in the improvement.

Revolution in Russian Poland.

A dispatch from St. Petersburg last night says that the red flag of revolt has been raised at Warsaw, Kovno and other places in Russian Poland out of sympathy with the victims of the rioting at Lodz and, so far as these cities are concerned, the situation almost approaches the dignity of open rebellion. The news received at St. Petersburg is meager, on account of the vigorous censorship, but it is evident that the troops are being resisted, and a reputation of the sanguinary encounters at Lodz is anticipated. The three big socialistic parties in Russian Poland are well organized and have some arms, but the authorities claim they have no chance of success single-handed.

Neither Jewish socialists, called the Bund, nor the social democrats are separatists, as are what are known as the Polish socialists, but they are all bitterly opposed to the existing government.

The affair at Lodz seemingly has accidentally precipitated a crisis, but the authorities declare there is no machinery for general insurrection behind it. This, however, may increase the slaughter in crushing the outbreak. Many people believe that Governor General Maximovich is hardly equal to the task, but so long as the disturbance is confined to Russian Poland the authorities believe it can be kept in hand. The main danger lies in its spread to socialistic organizations in other parts of Russia, with which those in Russian Poland are closely allied.

There were numerous red-flag demonstrations yesterday and the situation might have been worse had there not been a steady downpour of rain all day.

During a riot in the Protestant cemetery at Lodz, Russian Poland, troops fired on a crowd, killing 12 persons—five men, four women and three children.

Twelve hundred casualties occurred at Lodz last week, thus far 343 Jews and 218 Christians having been buried.

Fearing a massacre, fully 20,000 Jews have left Lodz.

A mob at Kovno, Russia, attacked the Governor-General's palace and the police station, breaking all the windows and wounding five policemen.

In the meantime the Caucasus is aflame with an insurrection on a high scale. The Mussulmans are actually besieging the Armenians in some of the towns. Peasants uprisings also have occurred in several provinces, notably Kharkoff, where the estates of half a dozen nobles have been burned and where the workmen resisted Cossacks with arms, wounding several of the soldiers.

WHY DOCTORS FAIL

AND MRS. PINKHAM SUCCEEDS

Plain Reasons Are Here Given to Explain Why Lydia E. Pinkham's Vegetable Compound Cures When Doctors Are Powerless

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctors fail to cure the disease? Still we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician.

It was for this reason that years ago Mrs. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her to tell the women to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that many thousands of them have been cured by following the advice of Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequalled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated womb diseases.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering, who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

Quality vs. Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.
